

FROM THE DESK OF FR. FRANK:

In a homily to a group of bishops, Pope Francis said “God is not afraid of new things! That is why he is continually surprising us, opening our hearts and guiding us in unexpected ways.” I believe St. Anthony Claret would smile and nod in agreement with these words of Pop Francis. Claret invites us to renew ourselves-“to run, to fly on the wings of holy zeal.” On behalf of the Claretian Community at Dominguez Seminary I thank the Claretian Alumni who have surprised us with their zeal, care and energy. I often remind our senior members at Dominguez that our ministry to one another never ends. Your support and donations have certainly assisted in making our facility a very special venue where our members can continue to make real the motto of Anthony Claret-“The love of Christ impels us.”

Know that I, together with the Claretian community, hold all of you in our thoughts and prayers.

CLARETIAN ALUMNI PROFILE

Claretian Alumni Chapters by John Crowe

Alumni living outside Los Angeles have asked about forming chapters. For more than two decades, a group has gathered for a monthly fellowship breakfast at a San Gabriel Valley restaurant. We would like to follow that model, if there is interest, in Arizona, Chicago, Bay Area, D.C. and elsewhere.

If you would like to form a small group of alumni in your area, contact Fr. John Raab at 310.631.8484 x 30 or raabcmf@hotmail.com who can provide you alumni contact information.
